### PROFILE

**Full Stack Developer** with expertise in HTML, CSS, JavaScript, React, and Next.js. Skilled in building scalable and responsive web applications with a strong focus on user experience and UI design. Proficient in both relational and non-relational databases, including PostgreSQL, MySQL, and MongoDB. Experienced in integrating front-end and back-end technologies to deliver full-stack solutions. Passionate about developing efficient, clean code and leveraging modern frameworks to create seamless user experiences.

### WORK EXPERIENCE

#### Bzan AI

2025

A Kurdish-language intelligent chat assistant. The app provides 24/7 support in Kurdish: users can ask questions (in Kurdish) and get helpful, accurate answers quickly.

#### Dr. Khalid Muhammad Salih

2025

A comprehensive personal/academic website by Professor Khalid Mohammed Salih. The site offers a rich library of content on religious law and jurisprudence, including scholarly articles, answers to community questions, videos, and writings – making complex religious and legal topics accessible.

#### Noor

2024

Noor is an online platform for publishing Islamic content. Where user can find Islamic articles, Quran, Hadith, Quranic Ayat, Tasbih, Dua and many more.

#### MyTiny

2022

MyTinyClick is a URL shortening service that allows users to create short, custom URLs for easy sharing. It also provides QR codes for quick access and analytics to track the number of clicks on the shortened links.
